

## ISO AUDITOR

# Lead Auditor - ISO 27001:2022

ISO/IEC 27001:2022 Information security, cybersecurity and privacy protection — Information security management systems

## WHY SHOULD YOU TAKE THIS COURSE?

ISO/IEC 27001 promotes a holistic approach to information security: vetting people, policies and technology. An information security management system implemented according to this standard is a tool for risk management, cyber-resilience and operational excellence.

## CERTIFICATION BENEFITS

- Resilience to cyber-attacks
- Preparedness for new threats
- Data integrity, confidentiality and availability
- Security across all supports
- Organization-wide protection
- Cost savings
